NOVEMBER 2016

Good day,

We support a vision of a Canada without prejudice and discrimination – a country that celebrates diversity, difference and inclusion. CCDI is proud to share with you our latest initiatives, events, and resources dedicated to driving the diversity conversation here in Canada.

Here is what CCDI has been up to, and what we have in store:

## D&I: The UnConference 2016 – Montreal & Edmonton

With the updated Global Diversity & Inclusion Benchmarks and CCDI's signature Employer Inclusivity Index both being released this year, our theme for 2016 is one that's critical for demonstrating the effects of diversity and inclusion on organizations – **Measuring the Success of your Diversity Journey**.

CCDI has already had incredible turnouts and feedback from our **Toronto** and **Vancouver** editions of the UnConference. We are eager to bring our innovative event to **Montreal** and **Edmonton**, later this month.

## GDIB Launch events

CCDI has had a wonderful time hosting FREE launch events for the [2016 Global Diversity and Inclusion Benchmarks: Standards for Organizations Around the World \(GDIB\)](#). The primary sponsor of the GDIB is the [Diversity Collegium](#), a global think tank of diversity and inclusion professionals. Events have so far been held in **Vancouver** and **Toronto**, and we'll be coming to **Montreal** and **Edmonton** to coincide with our very own [2016 D&I: The UnConference](#) series.

## Success stories

The goal of our [Success stories](#) initiative is to support diversity and inclusion leadership with stories that are relevant to what's happening now, here in Canada. By sharing their stories, we celebrate the successes of Canadian organizations while contributing to learning for everyone that cares about diversity and inclusion.

- [Saanich Police Service](#)

## New teacher training from See Different

These sessions, led by inclusive education professionals, are targeted to high school teachers, including those who are currently being trained in a teacher education program or those who are already certified.

### Navigating religious diversity in the classroom

This session equips teachers with key knowledge and skills to be able to navigate the religious diversity in their classrooms and helps them be better prepared to combat prejudice related to religious identities.

**Date:** November 30, 2016

**Time:** 3:00 pm – 5:00 pm
