APRIL 2016

Good day,

We support a vision of a Canada without prejudice and discrimination – a country that celebrates diversity, difference and inclusion. The CCDI is proud to share with you our latest initiatives, events and resources dedicated to driving the diversity conversation here in Canada.

Here is what the CCDI has been up to, and what we have in store:

BLOOM!

April 14 is just around the corner, and we hope to see you at our inaugural gala, **BLOOM!** Join us for an evening dedicated to the celebration of Canadian leadership in diversity and inclusion, as we announce the recipients of this year's CCDI's **Awards of Success**. The event will be held in the Imperial Room at Toronto's Fairmount Royal York.

Your participation in **BLOOM!** in any capacity supports a stronger, healthier and more diverse country.

If you haven't already, we encourage you to consider:

- Reserving a table of 10
- Purchasing an Individual Ticket
- Sponsoring the event

SUPPLIER DIVERSITY BENCHMARKING REPORT

How does your organization select the vendors you work with? And does your supply chain reflect the diversity your organization stands for?

We are proud to announce the publication of Canada's first national benchmarking study on supplier diversity. CCDI has collaborated with the University of Manitoba to measure the extent to which organizations in Canada are engaged with supplier diversity. This ground breaking report analyzes the situation in this country and identifies the facilitators and barriers organizations experience in extending their diversity strategies to their selection procedures for vendors.

SUCCESS STORIES

There is astonishingly little published that shines a light on diversity and inclusion successes in Canada, though there are many, across a wide range of organizations.

Published weekly or bi-weekly, the goal of our **Success stories** initiative is to support diversity and inclusion leadership with stories that are relevant to what's happening now, here in Canada. By sharing their stories, we celebrate the successes of Canadian organizations while contributing to learning for everyone that cares about diversity and inclusion.
